Message From Pace SBDC Regional Director Andrew Flamm

The Pace University Small Business Development Center (SBDC) offers in-depth and confidential one-to-one business advisory services (in-person and virtually) and training programs in English and Spanish to help small business owners and aspiring entrepreneurs build and grow their business venture. And through Federal and State funding and the support of Pace University, all our services are offered at no cost to our clients.

In 2024 the Pace SBDC expanded our service area to include Brooklyn and launched satellite locations to provide in-person counseling in Bushwick, Flatbush, Sunset Park (Industry City) and at the Brooklyn Public Library's Grand Army Plaza branch. In 2025 we look forward to building on these efforts with additional satellites and expanded programming with key stakeholders, and remain committed to helping our small business clients generate economic investment to build wealth and create new jobs.
